Professional Summary

Results-oriented Full Stack Developer with hands-on experience in developing scalable web and mobile applications using React.js, Next.js, React Native, Node.js, Firebase, Prisma ORM, and MySQL. Skilled in building REST APIs, authentication systems, real-time applications, and responsive user interfaces. Passionate about creating efficient, user-centric software solutions and continuously learning modern technologies.

Experience

Full Stack Developer Intern Ninja Deliveries

Jan 2026 – June 2026

- Developed production-ready food delivery and service booking modules using React Native.
- Integrated Firebase Authentication, Firestore, Cloud Functions, REST APIs, and Razorpay Payment Gateway.
- Implemented real-time notifications, order tracking, and responsive user interfaces.
- Improved application performance by optimizing frontend workflows and API integration.

Software Development Trainee Ninja Deliveries

Oct 2025 – Dec 2025

- Worked with React, Firebase, REST APIs, and Git in a collaborative development environment.
- Assisted in debugging, feature implementation, and code optimization following industry best practices.

Projects

Ninja Deliveries App

GitHub

React Native — Firebase — Node.js — Razorpay

- Developed a production-level food delivery and service booking application.
- Integrated Firebase Authentication, Firestore, Cloud Functions, Push Notifications, and Razorpay Payment Gateway.
- Implemented real-time order tracking and scalable backend workflows.
- Contributed to an application serving 1,000+ users.

SkillCert AI

GitHub

Next.js — TypeScript — Prisma ORM — MySQL — Firebase — Nodemailer

- Developed an online skill assessment platform where users complete quizzes to earn verifiable certificates.
- Implemented secure authentication with Firebase, email verification and certificate notifications using Nodemailer.
- Designed a scalable backend using Prisma ORM and MySQL with role-based access control and REST APIs.
- Planned future enhancements including AI-powered ATS resume analysis and interview preparation features.

Personal Portfolio Website

GitHub — Live

Next.js — React.js — Tailwind CSS

- Developed a responsive portfolio website showcasing projects, technical skills, and achievements.
- Implemented SEO optimization, GitHub integration, and performance improvements.
- Successfully deployed on Vercel.

Technical Skills

Programming Languages: JavaScript, TypeScript, Python

Frontend: HTML5, CSS3, React.js, Next.js, React Native, Tailwind CSS

Backend: Node.js, Express.js, Django, REST APIs

Database: MySQL, MongoDB, Firebase Firestore, Prisma ORM

Cloud & Services: Firebase Authentication, Firebase Hosting, Google Cloud Platform

Developer Tools: Git, GitHub, VS Code, Postman, Expo CLI

Core Skills: Data Structures, Problem Solving, API Integration, Database Design, Debugging, Team Collaboration

Education

Master of Computer Applications (MCA) Government PG College, Dharamshala , Himachal Pradesh Technical University, Hamirpur CGPA: 8.34	2024 – 2026
Bachelor of Computer Applications (BCA) MCM DAV College Kangra , Himachal Pradesh University, Shimla CGPA: 8.10	2021 – 2024

Certifications

- Software Development Internship – Ninja Deliveries
- JavaScript Certificate – OneRoadmap
- Node.js Certificate – OneRoadmap
- React.js Certificate – OneRoadmap
- CSS Certificate – OneRoadmap
- SQL Certificate – OneRoadmap
- AI & Data Science Certificate – OneRoadmap
- GenAI Powered Data Analytics Job Simulation – Tata Forage

Achievements

- Secured **2nd Position** in the Himachal Pradesh University BCA 1st Year University Examination.
- Secured **2nd Position** in the Himachal Pradesh University BCA 2nd Year University Examination.
- Contributed to the development of production-level web and mobile applications serving over **1,000+ users**.
- Improved application performance through frontend optimization and efficient code implementation.
